This report is used to determine the combined state dollars associated with LA EIC credits for Louisiana filers with at least one dependent and the refundable portion of the Child Care Credit before the application of any other refundable credits. The sum of the combined value of these allowable credits that exceeds State income tax liability prior to application of all other refundable credits is applied to Maintenance of Effort (MOE) funding requirements for TANF.
o. Additional Expenditures 2	Services provided through contracts to provide public awareness, education, and targeted outreach strategies regarding the benefits of claiming the Earned Income Tax Credit (EITC) program and state tax credit programs, and free taxpayer assistance to EITC-eligible families and to provide financial literacy to families receiving services through the program.
